SUBJECT: Go-live for FSFN Enhancements – Strengthening Child Safety through Technology has been rescheduled to March 24, 2017

PURPOSE: To announce the rescheduling of the FSFN enhancements previously scheduled for March 17, 2017.

BACKGROUND: In preparation for go-live on March 17, 2017, there was a continuous effort to assess and achieve people readiness, system readiness and the implementation of a support plan. On March 14th, we had not reached a ready state in all three categories and the release was not approved for go-live.

PEOPLE READINESS: **Ready!** All Regions report that staff, Sheriff's Offices and CBCs are ready.

SYSTEM READINESS: **In Process!** FSFN User Acceptance Testing was completed on schedule however there are a few items that still need to be resolved.

POST-DEPLOYMENT SUPPORT READINESS: **Ready!** Post deployment support will include daily calls for the two weeks following deployment to evaluate and respond to any issues.

To allow additional time to resolve the defects identified in User Acceptance Testing, the go-live date has been rescheduled to March 24, 2017.

ACTION REQUIRED: Please notify your workforce that the go-live is rescheduled until March 24, 2017. Please continue to execute all readiness plans to ensure our workforce remain ready for go-live on March 24, 2017.
