Survey Data Reports

Survey answers are private. Each young adult has a unique log-in password issued by the Department.

The Statewide survey data report is published on the Department's website.

Cby25® Initiative provides each CBC Lead agency with an Excel report of their CBC specific survey responses.

This report is also sent to youth advocacy groups, the IL Advisory Council, and others.

Recognizing the importance of individualized planning for young people as they prepare to transition from licensed foster care, both Federal Law and Florida Statutes establish requirements and timelines for Transition Planning

Financial instability ..I have to attend a public college but I cant pursue a private college where I can a technical degree for something I want instead of focusing on an education that's going to make me a miserable statistic.

After I turn 23, I have to get a job in order to pay for my housing which makes it difficult to have a full time job.

Bills and stable housing security (worrying)

Books are too expensive

Homelessness

Housing

I am having problems with financial aid

Money for books

Most colleges won't take me because of criminal record

My stipend from independent living program does not cover the tuition cost of private Universities, and I go to a private college

no money for food clothing or others essentials

no money to pay bills

not financially stable

No transportation AND the distance itself is 54 miles away and I am homeless and staying at a friends and relying on the subsidy that I get which i will loose if i transfer schools

Too many issues

Transportation,
Tutoring

Very slim monthly stipends that cant keep me afloat
College was way too difficult and they said it was college or nothing
